New York State Commission Opposed to Johnson-Jeannette Go.

New York, Aug. 19.—Assurance that the proposed bout between Jack John-son and Joe Jeannette would be staged in this city advanced a step tonight when the McMahon brothers, propri-etors of the St. Nicholas Athletic club, posted \$5,000 as a forfeit binding them to stage the bout at the St. Nicholas A. C. on Sept. 25. It was said here that Johnson was expected to post a \$5,000 forfeit in Chicago tonight. There is still great doubt that the state athletic commission, which regulates boxing in New York state, will allow the two colored men to appear here. Some months ago when promothers ers here were trying o get Johnson to appear the members of the commission let it be known that they would op-pose the idea.

Bresnahan." says Roger Bresnalian," says Tom Clarke, second catcher of the Reds, "is the 'fining kid.' Ho punishes any of his men who offend him by slapping on a fine, and his idea of a finable offense is something original and wonderful. Anything you do according to your own lights according to Roger is your own lights, according to Roger, is dead wrong and should be punished by a fine and anything you do according to his ideas, if it doesn't go through successfully, has been done in bone-head fashion and must be punished by a financial sting I have even heard

by a financial sting. I have even heard that Roger, figuring that a bunt was the proper play, was, nevertheless, tempted by a ball over the middle and took a crack at it. A double play resulted and Roger fined himself for disobeying his own orders.

"Some of Roger's fines were really wonders. Some thue ago a sturdy catcher named Murphy joined the St. Louis team—a fellow who had had brief trials with both the Cincinnail Reds and the St. Louis Browns, Murphy was taken on only because both Heds and the St. Louis Browns, Mintaphy was taken on only because both Bresnahan and Elliss were crippled and wasn't actually expected to do any work. It happened the day Murphy came into camp some slight accident befoll Wingo, the third catcher of the team, and Murphy had ir rush into the chest protector and the glove.

"A man was roosting on first base."

As soon as the pay catcher had as. As soon as the new catcher had as-sumed his robes of office the runner broke away. "And the catcher naver lived who could stay out of the harness for weeks, go right into a game, and, on the first ball pitched, get himself into proper pose to make a decent throw. The richest one of all, though, came off when the Reds and Cardinals were playing a desperate, extra inning

were playing a desperate, extra inning game. Wingo, the red-headed young-ster who had been catching for St. ster who had been catching for St. Louis, came up at the finish, with two down and the bases full of eager runners. Ere long the call was two and three. A fourth base would force in the tring run. The ball came along way wide and head high—almost a wild pitch—and Wingo swung at it, missing it a mile. The game was over.

KIDNEY TROUBLE VANISHES GAINED EIGHTEEN POUNDS

Some time ago I was troubled with what the doctors pronounced to be floating kidney. I was completely run down and so weak and exhausted that if I did my housework one day I would have to stay in bed the next. I doctored with swarral physicians and they have to stay in bed the next. I doctored with several physicians and they all told me that my kidneys would never be well. I decided to try Dr. Kilmer's Swamp-Root and found that I got relief. I continued the use of Swamp-Root and today my kidneys are in fine shape and I am enjoying the best of health. Have gained eighteen pounds, and feel as well as ever in my life. THREE LIVES ENDANGERED AT PLEASURE BEACH

Timely Arrival of Rowboat Saved 11-Year-Old Girl and Would-Be Resou-

Three lives were endangered at Pleasure Beach Sunday morning as the result of Helen Norton, 11 years daughter of Mr. and Mrs. M. A. ton of Hartford, being carried by a wave, while wading near shore, and a subsequent aftempt at rescue by Arthur Knox of Hartford and C. Huntington Latham of North Franklin. The three were rescued by Donald Brown of Barre, Mass., and Merritt Bidwei of Middletown, who

went to their rescue in a rowboat.

The near fatalities and rescue tool
place about 11.30, while the storm wa place about 11.30, while the storm was at its height. The little girl was enjoying herself, wading near shore when a huge wave struck her and carried her out toward the Sound. She was being swiftly borne away when her uncle, Arthur Knox of Hartford, saw her and jumping into the water swam to her assistance. He succeeded in reaching her and grabbling her around the waist with one arm and started to swim ashore. His efforts were futile, for the undertow efforts were futile, for the undertow was strong and he was unable to make any headway toward shore. He did the only thing sensible under the cir-cumstances, and exerted al his ef-forts to keep affeat and cry for help. All the time he and his burden were being carried further out into the

His cries for help attracted the at-tention of Latham, who secured a rowboat and started for the rescue The tide and waves were running high and the boat was buffered about so that he was unable to control it.
A high wave struck it a fierce side
blow and the little craft was capsized and Latham hurled overboard. By this time the danger of the three struggling in the water had become known to Brown and Bidwell. They launched a boat and put off. It took their combined efforts to keep the boat moving against the wind and tide and prevent it from being capsized, and their labors were finally re-warded by reaching the persons struggling in the water.

The little sirl, Knox and Latham were liftled over the sides of the rescue boat and taken to the shore. The entire party was badly exhausted when shore was reached. Immediate attention was given to the girl and men who had been rescued and they were soon out of dangest. None of the three are any the worse for the experience, although it one while it lasted. was a harrowing

COMPLETING BIG PROGRAMME FOR WATERWAYS CONVENTION

New London Will Have Many Prominent Men There in Two More Weeks.

With but two weeks remaining be fore the fifth annual convention of the Atlantic Deeper Waterways association, to be held at New London, September 4, 5 and 6, every effort is being made to complete the programme within the next day or so. While there are a few speakers to be heard from, the list at the present writing includes many prominent men, among whom are President Taft, several gov-Alexander last season.

It has been decided in Washington that the only possible means of securing a quorum in congress is to banish the Washington baseball team.

Fred Toney, who was with the Cubs last spring, and Laudermilk, once with the Cardinals, have joined the speakers list are Howard D. Hadley of Plattsburg, N. Y., and Capt. W. E. Jacobs, superintendent of the school of instruction for the revenue cutter service at New London. Mr. Hadley will talk on "Canada's connections with the Atlantic intracoustal long with the long wit tions with the Atlantic intracoastal canal project," while Captain Jacobs will speak on "The revenue cutter service as it applies to coastwise trade and inside waterways."

It is pointed out by those interested in waterway improvements, that Can-ada has a vital interest in the intracoastal canal project, since the com-pletion of the Lake Champlain-Hud-son river valley branch of the New York state barge canal two years hence, will form direct connections by canal between New York and other Atlantic coast ports and such cities as Montreal and Quebec, Canada. as Montreal and Quebec, Canada. Again, a large firm that has interested itself in the waterway movement for years, declares that with the completion of this branch they will ship annually one million tons of ore from Canada over this waterway to New York where it will have to be reshipted by rail to noints along the Atlanged ped by rail to points along the Atlan-tic coast, unless the projected intra-coastal project is finally completed.
